

VAN TOURER

THE VANTOURER FORD

EDITION 1/2025

COMPARABLY BETTER.

COMFORT WITH A DIFFERENCE

COMPARABLY BETTER.

THE VANTOURER **FORD.**

Whether travelling through Europe or a spontaneous trip – with the new VANTourer Ford 550 D and 600 D, based on the Ford Transit, you are always ready to hit the ground running.

The VANTourer Ford unites the typical VANTourer features with the automotive and dynamic exterior of the Transit. The bright interior design in White and Malaga Smoke impresses with maximum headroom, smart details and extra storage space.

The VANTourer Ford 550 D and 600 D are classic 2-person layouts - comfortably interpreted in a modern way - with a large transverse bed and a length of just 5.53 metres for the 550D and 5.99 metres for the 600 D. So don't wait, just get in!

RELAXED SLEEP.

What could be better than starting the day well rested! Thanks to the spacious transverse bed in the rear, this is no problem. The widening frame provides sufficient lying space.

And if the weather doesn't play along, the large lounging area with the practical TV holder (optional) invites you to spend a cosy evening watching TV.

550 D

DELICIOUS COOKING.

Elegant, functional and plenty of storage space – gourmet lovers will be delighted. The kitchen in the new VANTourer Ford is pleasing to the eye with its straight lined kitchen block, at the head of which sits the twisted double hinged refrigerator. This makes it easy to use both indoors and outdoors.

No annoying bumping – with a standing height of 205 centimetres and the spacious overhead storage cupboards, the VANTourer Ford offers room for everything.

The kitchen worktop is generously dimensioned and can even be extended over the bed with a flap. Next to the cooker and sink is the rubbish bin cleverly recessed into the surface – below it is the practical pull out cupboard with integrated holder for the kitchen roll.

BATHROOM 2.0

Functional and stylish: the new Vario bathroom offers an astonishing amount of space in a small space. The recessed storage compartments and the storage cupboard offer space for all bathroom utensils. The modern LED lighting sets accents and creates a pleasant atmosphere. The double floor makes it possible: the shower tray is recessed into the floor with almost no tripping hazards.

The innovative shower curtain impresses with a high tech coating that lets water roll off effortlessly. Thanks to the sturdy fibreglass rods, the curtain retains its optimal shape at all times.

PRACTICAL DETAILS.

What makes a VANTourer stand out? Correct – the unique rear storage space concept. The new VANTourer Ford also offers extraordinary and flexible storage space in the rear thanks to the diesel heating in the seating group and the small, well-stowed gas bottle. Nothing has to stay at home any more.

The pilot seats can be turned towards a swing-out table in no time at all, turning the dinette into a cosy seating group for 4. Thanks to the clever storage compartments above the cab, small items can be stowed away quickly.

Everything under control: the control panels for heating, water, electricity and refrigerator are centrally located above the superstructure door.

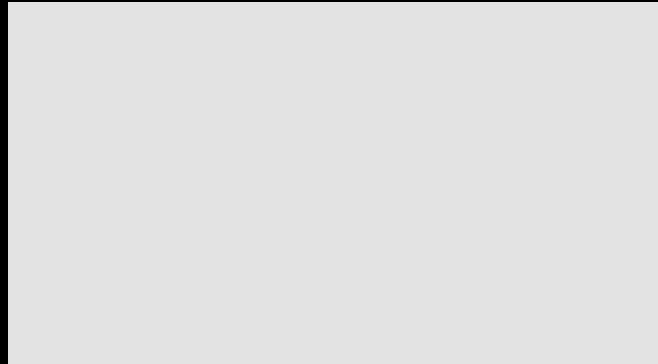

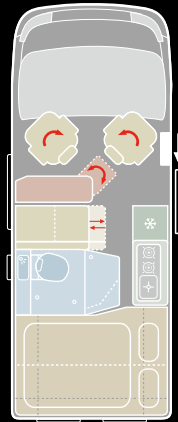

Any responsibility for deviations in colour, texture or materials is hereby excluded, provided such deviations conform with standard commercial practice. The same applies to technical changes to VANTourer Ford 2025, provided that the product quality remains the same or improves as a result of the changes. We cannot accept any responsibility for errors.

We reserve the right to make changes at any time.
